

Notice to Mariners No 16 / 2017

Blyth Offshore Demonstrator Project-

30th June 2017

BOD-101-04-SMC-NTM-00034-A-01

1) Construction Update

Preparations are now being made for the installation of the Gravity Based Foundations (GBF's). Further to NTM 15; the installation of the GBFs have been delayed – an updated NTM will be issued in due course with a revised timetable.

All mariners are requested to maintain a minimum 500m safety zone around each turbine location indicated in Chart 1 and Table 1.

Chart 1: Array 2 Site and Turbine Locations

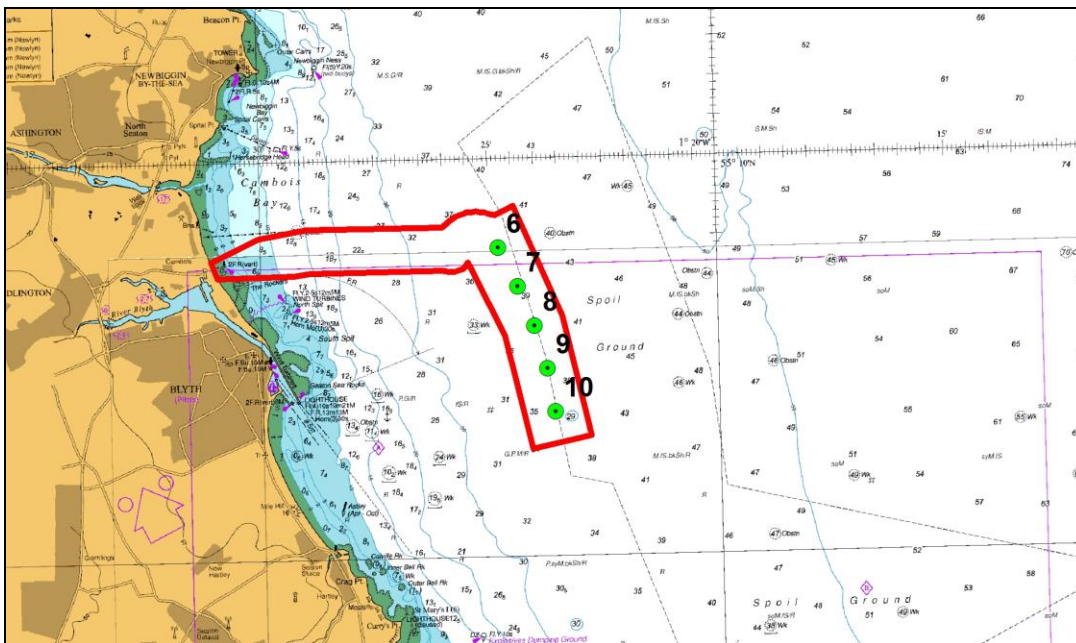

Table 1: Turbine Placement Locations

Turbine 6	55°08.8702'	001°24.7913'
Turbine 7	55°08.3793'	001°24.3781'
Turbine 8	55°07.8805'	001°24.0344'
Turbine 9	55°07.3406'	001°23.7706'
Turbine 10	55°06.7974'	001°23.6067'

2) Anchor Pre-Installation Works

Please be advised that the *Multrasalvor 3* and *En Avant 20* will be continuing anchor pre-installation works on the Blyth Offshore Demonstrator Project Array 2 site. Expected duration of the works is 2 days.

Anchor Installation works are currently being conducted at Turbine Location 6. These anchors are marked by buoys as shown below:

It is anticipated that anchor installation works will be completed shortly on location 6. Mariners are advised to show caution navigating this area as the surface markers are not lit. **A 500m safety zone should be adhered to at all times on this location.**

The vessels request a 500m safety zone and can be contacted on VHF 16 when on location.

The vessels will operate from Port of Blyth and will use the shortest route to the Array 2 site.
